

SUSTAINABLE DEVELOPMENT GOALS

MOVING DEBATE CARDS

SUPPORTING RESOURCE - CHAPTER 1

ACTION
ON GLOBAL
CITIZENSHIP
A TOOLKIT FOR TEACHERS

1 NO POVERTY

- By 2030, have no extreme poverty anywhere, this is measured as people living on less than €1.15 a day
- By 2030, reduce at least 50% of the proportion of people living in poverty
- By 2030, ensure everyone has equal rights to economic resources, basic services, ownership and control over land and property, inheritance, natural resources, new technology and financial services

**SUSTAINABLE
DEVELOPMENT** **GOALS**

2 NO HUNGER

- By 2030, end hunger and ensure access for everyone to safe and nutritious food all year round
- By 2030, double the agricultural productivity and income of small-scale food producers, in particular women, indigenous people, family farmers and fishers
- By 2030, ensure sustainable food production systems that increase productivity, help maintain ecosystems, strengthen capacity for adaptation to climate change, extreme weather, drought, flooding and other disasters and that progressively improve land and soil quality

3 GOOD HEALTH

- By 2030, reduce the global maternal mortality ratio to less than 1:1429 live births
- By 2030, end preventable deaths of newborns and children under 5 years of age
- By 2030, end the epidemics of AIDS, tuberculosis, malaria and neglected tropical diseases and combat hepatitis and water-borne diseases

**SUSTAINABLE
DEVELOPMENT** **GOALS**

4 QUALITY EDUCATION

- By 2030, ensure that all girls and boys complete free and quality primary and secondary education leading to relevant and effective learning outcomes
- By 2030, ensure equal access for all women and men to affordable and quality education, including university
- By 2030, ensure that all youth and a substantial proportion of adults, both men and women, achieve literacy and numeracy

5

**GENDER
EQUALITY**

- End all forms of discrimination against all women and girls everywhere
- Eliminate all forms of violence against all women and girls, including trafficking and sexual exploitation
- Stop all harmful practices, such as child, early and forced marriage and female genital mutilation

6

CLEAN WATER AND SANITATION

- By 2030, achieve universal and equitable access to safe and affordable drinking water for all
- By 2030, achieve access to sanitation and hygiene for all and end open defecation, paying special attention to those in vulnerable situations
- By 2030, improve water quality by reducing pollution, eliminating dumping and minimizing release of hazardous chemicals and materials, halving the proportion of untreated wastewater and substantially increasing recycling and safe reuse globally

7 RENEWABLE ENERGY

- By 2030, ensure universal access to affordable, reliable and modern energy
- By 2030, increase substantially the share of renewable energy in the global mix
- By 2030, double the global rate of improvement in energy efficiency

8

GOOD JOBS AND ECONOMIC GROWTH

- Maintain per capita economic growth in accordance with national figures and, at least 7% gross domestic product growth per year in the least developed countries
- Achieve higher levels of economic productivity through diversification and technological innovation
- Promote development-oriented policies that support productive activities, decent job creation, entrepreneurship, creativity and innovation, and encourage the growth of small and medium-sized enterprises, including through access to financial services

9 INDUSTRY, INNOVATION AND INFRASTRUCTURE

- Develop quality, reliable, sustainable and resilient infrastructure, to support economic development and human well-being, with a focus on affordable access for all
- Promote inclusive and sustainable industrialization and significantly raise industry's share of employment and gross domestic product, in line with national circumstances, and double its share in least developed countries
- Increase the access of small-scale enterprises, particularly in developing countries, to financial services, including affordable credit, and their integration into markets

10 REDUCED INEQUALITIES

- By 2030, progressively achieve and sustain income growth of the bottom 40% of the population at a rate higher than the national average
- By 2030, empower and promote the social, economic and political inclusion of all, irrespective of age, sex, disability, race, ethnicity, origin, religion or economic or other status
- Ensure equal opportunity and reduce inequalities of outcome, including by eliminating discriminatory laws, policies and practices and promoting appropriate legislation, policies and action

11 SUSTAINABLE CITIES AND COMMUNITIES

- By 2030, ensure access for all to adequate, safe and affordable housing, basic services and upgrade slums
- By 2030, provide access to safe, affordable, and sustainable transport systems for all, improving road safety, by expanding public transport, with special attention to the needs of those in vulnerable situations
- By 2030, enhance inclusive and sustainable urbanisation and capacity for sustainable human settlement planning and management everywhere

12 RESPONSIBLE CONSUMPTION

- By 2030, achieve the sustainable management and efficient use of natural resources
- By 2030, halve per capita global food waste at the retail and consumer levels and reduce food losses along production and supply chains
- By 2030, substantially reduce waste generation through prevention, reduction, recycling and reuse

13

**CLIMATE
ACTION**

- Strengthen resilience and adaptive capacity to climate-related hazards and natural disasters in all countries
- Include climate change measures into national policies, strategies and planning
- Improve education, awareness-raising and human and institutional capacity on climate change mitigation, adaptation, impact reduction and early warning

14 LIFE BELOW WATER

- By 2025, prevent and reduce marine pollution, in particular from land-based activities, including marine debris and nutrient pollution
- By 2020, sustainably manage and protect marine and coastal ecosystems to avoid negative impacts, and restore them in order to achieve healthy and productive oceans
- By 2020, effectively regulate harvesting and end overfishing, illegal and destructive fishing practices and implement science-based management plans, in order to restore fish stocks in the shortest time feasible, at least to levels that can produce maximum sustainable yield as determined by their biological characteristics

15 LIFE ON LAND

- By 2030, combat desertification, restore degraded land and soil, including land affected by drought and floods, and strive to achieve a neutral world
- By 2030, ensure the conservation of mountain ecosystems, including biodiversity, in order to enhance their capacity to provide benefits that are essential for sustainable development
- Take urgent and significant action to reduce the degradation of natural habitats, halt the loss of biodiversity and, by 2020, protect and prevent the extinction of threatened species

16 JUSTICE

- Significantly reduce all forms of violence and related death rates everywhere
- End abuse, exploitation, trafficking and all forms of violence against and torture of children
- By 2030, significantly reduce illicit financial and arms flows, strengthen the recovery and return of stolen assets and combat all forms of organised crime

17 PARTNERSHIPS FOR THE GOALS

- Mobilise additional financial resources for developing countries from multiple sources
- Promote the development, transfer, dissemination and diffusion of environmentally sound technologies to developing countries on favourable terms, including on concessional and preferential terms
- Significantly increase the exports of developing countries, in particular with a view to doubling the least developed countries' share of global exports by 2020
